

Advantage Mint Accounts Ltd

Dear Clients

New Zealand is in alert level 4 as we now have cases of the delta variant of Covid-19 in the community. We've been here before, and can do it again.

As with our last lockdown, there is **financial support available** to affected businesses.

If your revenue has dropped by at least 40 per cent or more from the 17th to the 30th August due to the change in alert levels, you can apply for the **wage subsidy**.

This is to cover a period of two weeks at the rates of \$600 per full-time employee (over 20 hours) and part time at \$359 (less than 20 hours).

Applications open today.

If requested you must be able to provide information to support the decline in income from prior to level 4 to the two weeks the subsidy covers.

For businesses applying on behalf of employees you must have each employees consent to provide their information to WINZ in the application process.

There is also the **resurgence support payment** available to businesses that have had a revenue drop of 30 per cent or more. This is designed to cover other costs that you might incur due to the lockdown.

For more information contact us.

Stay safe and look after each other!

Regards

Advantage Mint Team
